KANGAROO COURT / TOP TIER ROOS EXPAND TO OCEE PARK, JOHNS CREEK, GEORGIA

OLDSMAR, FL: The Kangaroo Court Baseball Club (The Roos) announced a strategic partnership today with Ocee Park Athletic Association (OPAA), Johns Creek, Georgia. The Roos have enjoyed remarkable success at the elite level and are known for developing high end talent. The Roos look to expand on that success with their new partner at Ocee Park.

“We have been looking for the right strategic partner in GA and believe OPAA to be a perfect match. The baseball talent in GA is deep and rich with history.” said Jason Miller, Founder/President KC/TT Roos. “It’s been a pleasure working with the OPAA board of directors to put this partnership together,” Miller continued.

Ocee Park currently operates a rec league of approximately 40 teams alongside 12 travel teams ranging from TBall through 14U out of the eight-field complex, which includes six artificial turf fields. Over 700 players call Ocee Park Baseball home. The strategic partnership will provide more opportunities for these players, especially as the current Ocee Park travel teams age into the high school division, where the Top Tier Roos are known for their winning ways and national college placement assistance for players.

The Roos are coming off a strong 2023 campaign where six of its players were selected in the MLB Draft and won its second WWBA Jupiter World Championship title (Back-2-Back). “While winning is important, the organization wins every time one of our players receives an opportunity to play collegiately or at the professional level,” Miller added.

The OPAA travel teams will start their Roos debut this fall. Visit homeoftheroos.com for more details and contact information.
